

EVIDENCE – LAW 222
FALL 2021
PROFESSOR JACKSON

Please make sure you have the **correct Sklansky 5th edition (2020) casebook with the codes** you will need for the digital learning activities and quizzes we use in this class. There are three options:

1. Purchase the new hardback book with Connected Casebook and Connected Quizzing from the UND bookstore. The ISBN is 9781543824346.
2. Purchase the new hardback book with Connected Casebook and Connected Quizzing from the publisher's website using this link, which gets you to "the Bundle." <https://www.wklegaledu.com/Bundle-Sklansky-5-CQ> They ship directly to you. They may have some flash sales over the summer. The ISBN is also 9781543824346.
3. Purchase the e-book in digital form only with Connected Casebook and Connected Quizzing from the publisher's website using this link, which gets you to "the Digital Bundle." <https://www.wklegaledu.com/Bundle-Sklansky-Evidence5e-CQ> Access is delivered to you instantly online. The ISBN is 9781543849172.

The codes you need for class are located inside the front cover of the hardback book. These are what you use to get into the online features – Casebook Connect and Connected Quizzing. These codes can only be used by one person, which is why **you should not purchase a book elsewhere and you should not purchase a used book.**

If you purchase a book from an online vendor, it may have missing or defective codes. The picture online may show it has Connected Quizzing, but when you receive it, the code may be missing. You need to follow these instructions and not take short cuts. Also, the 4th edition textbook is out of date. Do not buy the 4th edition.

You need to get the course materials either from the UND bookstore or through the above publisher links. Rachael Wisner can assist with issues with purchases or issues with books and codes from the publisher or the UND bookstore. Her email is rachael.wisner@wolterskluwer.com.
