

EVIDENCE – LAW 222
FALL 2022
PROFESSOR JACKSON

This course uses in-class exercises and short quizzes to enhance your ability to understand and apply concepts. Please make sure you have the **correct Sklansky 5th edition (2020) casebook with the codes** you will need for the digital learning activities and quizzes we use in this class. Avoid problems by obtaining your book well ahead of the beginning of the semester. Please follow Steps 1 and 2 to obtain access to the correct book with the required features.

Step 1: PURCHASING ACCESS

You have two options for purchasing the textbook with the codes you need:

- 1. Connected eBook + CQ Bundle Option:** Purchase a digital-only Connected eBook plus Connected Quizzing at a discounted price by going to www.AspenPublishing.com and searching for the Digital Bundle ISBN **9781543849172**. This bundle purchase will give you access to both the eBook and Connected Quizzing in your Casebook Connect account. Follow the instructions provided after completing your purchase to access the products.
- 2. Print Book + CQ Bundle Option:** Purchase a bundle with a new print textbook for a discounted price. The ISBN for this option is **9781543824346**. You should be able to get this book at the UND bookstore, but you might have more success getting it by a certain date if you purchase directly from Aspen Publishing <https://www.aspenpublishing.com/Bundle-Sklansky-5-CQ>

Your print book will come bundled with a scratch-off sticker inside the front cover (shown below) or as an access card shrink-wrapped to the back cover of your textbook (do not throw this code away). Redeem this access code at www.CasebookConnect.com. If your book does NOT come with a Connected Quizzing access code, you did not purchase the appropriate bundled product, and you will be required to purchase Connected Quizzing separately. See images below:

a. Cover and scratch-off inside front cover:

b. Access card:

Step 2: CLASS CODE

Once you have successfully purchased access or redeemed your access code, you will see Connected Quizzing on your dashboard when you log into your Casebook Connect account. You will then be prompted to enter a class code to connect with my class.

Enter Class Code: JACKSO428717

These codes are what you use to get into the online features – Casebook Connect and Connected Quizzing. These codes can only be used by one person, which is why **you should not purchase a book elsewhere and you should not purchase a used book.**

If you purchase a book from an online vendor, it may have missing or defective codes. The picture online may show it has Connected Quizzing, but when you receive it, the code may be missing. You need to follow these instructions and not take short cuts. Also, the 4th edition textbook is out of date. Do not buy the 4th edition.
