Hello Class of 2027 –

Hey everyone, it's Megan! just a reminder to you all while Pam is out, I will be sending out weeks 12 & 13 emails. If you have any questions, please feel free to direct them to me!

A couple items for this week's email:

Reminder: If you haven't register for your Fall courses yet, please do so as soon as possible! As a reminder, that information was in your Week #10 email in case you need it. By registering, it provides further confirmation that you plan to join us this Fall. If you haven't registered by August 5th, you may be receiving a follow-up from me.

Save the Date - It's very common for law students to get actively involved in the law school so we wanted to share our Student Organization Fair Save the Date. This event gives you the opportunity to learn about all the organizations within the law school and how to get involved.

The graphic is a colorful promotional poster for the School of Law Student Organization Fair. It features a purple background with yellow and pink geometric shapes. The text is centered and reads: "SCHOOL OF LAW STUDENT ORG FAIR" in large, bold, purple letters, followed by "MEMORIAL UNION HENRY FAMILY BALLROOM" in smaller, teal letters. Below this, it says "PIZZA SPONSORED BY:" with logos for AccessLex INSTITUTE and Helix BAR REVIEW. To the right, there are three circular images: a group of students in purple, a group in green, and a group in blue. A large pink circle contains the text "30th August 2023 11:00 AM", and a yellow circle contains "2024 - 2025".

UND Alerts & Notification Systems

- [UND Alerts – Campus Emergency Notification System](#)

The Campus Emergency Notification System is used to notify students, faculty, and staff of vitally important information in emergency situations. An "emergency" means a situation that poses an immediate threat to the health or safety of someone in the institution or system community or that significantly disrupts institution or system programs and activities, such as school closing. The following methods may be used to notify the campus community of various emergencies that may affect the campus community:

- UND-Alert
- Phone
- Text message
- Email
- Outdoor warning sirens
- Official UND website and Office of Emergency Management website
- Local media
- SafeCampus App
- UPD social media
- Automated building alarms

Emergency Notification Settings for UND Students

1. Log on to your [CampusConnection](#) using your student ID number and select the "Profile" tile.
2. Select "Emergency Notification". Enter the phone number where you can be reached most quickly in the event of an emergency.
3. If you wish to receive text messaging, enter your cell phone number as your phone number and you will receive both text messages and telephone calls to that cell number.
4. Be sure to select "Accept" at the bottom of the screen authorizing the selections made.

[Instructions for Students](#) to enter/update UND-Alerts Emergency Contact Information.

- [SafeCampus App](#) – Allows for students, staff, faculty, and parents to access up-to-date emergency preparedness procedures and other campus information on a smart device, even if you lose WiFi or cellular connection. Users can receive push notification alerts; get step-by-step actions for specific situations such as fire, severe weather and other emergencies; and make one tap calls to key contacts. An incident reporting feature allows members of the campus community to provide information on hazardous conditions; ask questions; seek help; and link reports to a GPS locator and add photo attachments. The app also houses a variety of images, training videos, helpful links, resources and attachments. SafeCampus can be downloaded from the Apple App Store or Google Play.
