

Question & Answer
Energy on Tribal Lands

1. What is the status of the proposed tribal refinery?
 - a. The refinery has been in place but development has been slow placed due to us choosing to permit for trans load and storage in order to generate revenue that will go back into the project. EPA does not allow permits for both projects simultaneously.
2. When do you expect the MHA Interpretive Center to be open to the public?
 - a. The grand opening for the Interpretive Center is scheduled for May 19th.
